Launch of Consultancy Targeting Infrastructure PPP Niche

CTI Engineering Co., Ltd., E • J Holdings Inc., Kokusai Kogyo Co., Ltd., Chodai Co., Ltd. and Mitsui Consultant Co., Ltd. today concluded a basic agreement to establish a joint venture to consult on major Japanese overseas development projects.

The new company aims to become a globally competitive consultancy focusing on overseas public-private partnership (PPP) projects that are both profitable and for the public good. Specifically, to provide tailored consultancy solutions covering everything from project planning and design, due diligence, feasibility studies, financing, engineering, construction management, through to facility management and maintenance.
